IDC Introduces new DR at RSNA 2016

Calgary, Alberta – November 25, 2016 - Imaging Dynamics Company Ltd. ("IDC" or the "Company") (TSXV:IDL) will be participating in the annual meeting of the Radiological Society of North America (RSNA) on the 27th of November to the 2nd of December 2016 in Chicago. As one of the industry leaders in Digital Radiology for the past 15 years, IDC will launch a number of innovative new products including flat panel and wireless DR, mobile DR and Image Management software for multi-level imaging. IDC will also be introducing innovative financing plans and after sales support programs for distributors, hospitals and clinics.

"IDC has a long standing reputation of delivering cost effective, leading edge DR technologies. I am pleased to say that IDC continues to be focused on the leading technologies in digital imaging and on the clinical and financial needs of the market" said Mr. Ian Liu, IDC Vice President. The RSNA attracts over 50,000 industry professionals from all over the world, including IDC distributors and clients in over 40 Countries.

About Imaging Dynamics Company (IDC):

IDC is a global medical imaging technology provider and innovative force in the high growth field of digital radiography (DR) technology.

Throughout its history, IDC has received numerous awards and recognition, by independent industry professionals and research analysts, including Frost & Sullivan and Deloitte Technology; for technical innovation, clinical efficacy and global market growth.

The Company has its corporate office in Calgary, Canada, a sales and marketing office in Beijing, China, and also operations, research and development centres in Calgary, Canada and Shanghai, China.
